

Dr. A.K. Sinha, Ph.D.

Dr. Ashok Kumar Sinha is a professor in ABES Engineering College, Ghaziabad, India, Department of Computer Science and Engineering and the Dean of Research and Development. His research interests include Image Processing analysis, artificial intelligence, neural networks and systems modeling. He did his B. Tech from Bihar University in 1966, M. Tech from IIT Delhi in 1976 and Ph.D from IIT Delhi in 1981. He is IEEE affiliate of Computer Society and life member of Indian Society of Technical Education. He has been consultant to Planning Commission Government of India and worked on several projects on systems analysis and techno-economic feasibility studies. He has publications in the area of transportation system modeling, satellite image processing and MRI image processing in national and international journals and conference proceedings. He has chaired technical sessions in various conferences in India.

Dr. Rajiv Sahay, Ph.D.

Dr. Sahay has more than 20 years of professional services and research background that includes doctorate and post-doctorate level experience in experimental and analytical research pertaining to the biological and environmental sciences. He has multiple publications covering the gamut of Aerobiology, Microbiology, Environmental Biology, and Indoor Air/Environmental

Quality. Dr. Sahay has numerous affiliations, memberships, and certifications in various associations, including but not limited to: IAA, PAAA, IAS, ASM, MSA, AIHA and ASTM and IASTA. Currently he is serving as board member at the Analytical Accreditation Board (AAB) board of American Industrial Hygiene Association's (AIHA) Laboratory Accreditation Program (LAP) LLC. He also served as a member of Technical Advisory Panel (TAP) of Laboratory Quality Assurance Programs (LQAP) of American Industrial Hygiene Association, USA. He provides educational outreach programs to the general public for awareness of Indoor Environmental Quality and role of environmental microbiology laboratory via training, meetings, seminar or webinar. Dr. Sahay has been recognized by various professional societies for his contributions in his field with awards and fellowships.
